SUMMARY

I am a skilled software developer and technology enthusiast with expertise in web development, UI/UX design, frontend development, and cross-platform applications. Proficient in key languages and tools including JavaScript, Python, Rust, Go, React, Next.js, Node.js, Django, Flask, MongoDB, PostgreSQL, Docker, Git, and Figma. Known for strong problem-solving abilities, effective communication, and a commitment to creating user-centered, efficient solutions.

WORK EXPERIENCE

Tutor | Vouch Initiative International   **Jan 2020 - Present**

- Conducted one-on-one and group tutoring sessions focused on software development fundamentals and practical skills
- Guided students in building projects from scratch, reinforcing their understanding of languages and frameworks like HTML, CSS, JavaScript, Python, and React.

Software Support | Vouch Initiative International   **Mar 2020 - Present**

- Provided technical support and troubleshooting for a range of software and hardware issues, ensuring timely and effective resolution to minimize client downtime.
- Delivered web development services to clients, building and maintaining websites to meet specific business needs and improve online presence.

EDUCATION

Jan 2022 - Sept 2024
Presbyterian Boys' Secondary School
Science And Information Technology

SKILLS

Web Development	UI/UX Design	Backend Development	DevOps & Management
HTML CSS	Figma Canva	Python Rust	Linux Git Docker Vercel
JavaScript React	Adobe XD	Go	Firebase Excel
Next.js Node.js	Adobe Illustrator	PostgreSQL	
Django Flask		MongoDB	
Express		SQLite	

CERTIFICATION AND ACHIVEMENTS

- Front End Development Libraries
- Back End Development and APIs
- JavaScript Algorithms and Data Structures
- Scientific Computing with Python
- Responsive Web Design
- Data Visualization
- Presec Head Of Software
